

IBM CLOUD

The screenshot displays the IBM Cloud dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and the user's account 'Tharun Kumar T's Acco...'. A user profile dropdown menu is open on the right, showing options like 'Profile', 'Log in to CLI and API', 'Privacy', 'Change theme', and 'Log out'. The main content area is titled 'Dashboard' and features a 'For you' section with five recommended cards: 'Build' (tutorials), 'Build a web app with Watson Speech to Text' (15 min), 'Get Started with Watson Studio' (2 hr), 'IBM Watson Internet of Things Platform' (2 min), and 'Build a Virtual Private Cloud (VPC)' (7 min). Below this, there are four sections: 'News' (with articles on IBM Cloud Certification, SevOne Network Performance, and Gartner Magic Quadrant), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (showing a world map with status indicators). The Windows taskbar at the bottom shows the time as 06:05 PM on 19-11-22, with a temperature of 27°C and 'Haze' weather.
